

VARIABLE-SPEED TECHNOLOGY FOR EXTRAORDINARY HOME COMFORT.

TWE

- 1 Variable-Speed Blower Motor**
Delivers just the right amount of air, varying its speed as needed. Runs at low speed most of the time so it's quiet and efficient.
- 2 "No Leak" Drain Pan**
Rust resistant, polycarbonate, fully sloped to put an end to dirty standing water for better indoor air quality.
- 3 Extra Large Coil Surface**
Enhances heat transfer, provides greater efficiency, more heating and cooling capacity and more reliable comfort.
- 4 Recessed Screws**
Will not snag on walls or door facings during installation.
- 5 Corrosion Resistant Finish**
Covers and protects all panels uniformly.
- 6 Air-Tite™ Insulated Cabinet**
Heavy steel and insulation protects against heating and cooling losses and prevents moisture build up. Also lowers noise levels and saves energy.
- 7 Fully Gasketed Doors**
Reduces air leak and overall noise for improved efficiency.
- 8 Easy-Access Filter Doors**
Quick, convenient, simplification of filter changing.
- 9 Standard Off-The-Shelf Filters**
Located behind one easy to remove door. Available from your dealer or retailer.
